## **The Scarborough Hospital is "My Hospital"**

Scarborough's diverse communities all share a common love of family, health and well-being. As we embrace these ideals we must acknowledge a beacon which have been there for us, and now needs us – our **Scarborough Hospital**. Like many of you, three generations of Councillor Lee's family have used the Scarborough Hospital.

The two locations, the General and Birchmount campuses provide an excellent array of medical services and professional expertise, but are continuing to do so in a financially challenging and changing times. With well-publicized provincial funding constraints and an ever-increasing population, its Board and staff are striving to meet the many needs of our diverse communities. A new initiative at the Birchmount Campus is improving its Newborn and Child Care program. Our future generation needs our support.

One champion group, the Chinese Philanthropic Community, has taken up the torch to assist our Hospital by organizing a fund raising gala on Friday, May 8<sup>th</sup>, 2015 at the Casa Deluz Banquet Hall, 1571 Sandhurst Circle, at Woodside Square (McCowan and Finch).

Tickets are \$128 per person and are in limited supply. Why not consider reserving a table for your family and friends? After all, Scarborough is about community, helping others and coming together to celebrate a healthy and prosperous future. The Scarborough Hospital will be there for us, with our help.

Please see the attached flyer for more details.
